5. Analysis by States – USA 2019	112
5.1. General Overview	112
5.2. Individual States & Biotechnology Clusters in USA – Group 1 California	122
5.3. Individual States & Biotechnology Clusters in USA – New England & Mid-Atlantic	127
5.4. Individual States & Biotechnology Clusters in USA – South & South East	137
5.5 Individual States & Biotechnology Clusters in USA – Pacific North West States	148
5.6. Individual States & Biotechnology Clusters in USA – Texas & North Carolina	154
5.7. Individual States & Biotechnology Clusters in USA – Mid-West States	166
6. Analysis by Province – Canada 2016	175
6.1. General Features	175
6.2. Western Canada – British Columbia, Manitoba, Alberta & Saskatchewan	185
6.3. Ontario	207
6.4. Quebec	216
6.5. Atlantic Provinces – New Brunswick, Nova Scotia, Prince Edward Is. and Newfoundland/Labrador	223
6.6. General Summary for Canada Biotechnology, 2019	235
7. Biotechnology Research Applications & Products Market Quantification	236
7.1. General Market Context - North America 2019	236
7.2. Market Segmentation in North America, 2020	239
7.3. Funding Sources & Segment Usage Quantification	242
7.4 Application Sectors for Biotechnology Funding, 2019	246
7.5. Quantification of Research Products – North America 2019	248

7.6. North America Strategic Implications – Funding Priorities & Needs	<u>258</u>
7.7. North America Strategic Implications – Dynamics of Funding Supply	<u>261</u>
7.8. North America Strategic Implications – Key Trends & Regulatory Influences	<u>263</u>
7.9. North America Strategic Implications – Business Model Issues	<u>269</u>
7.10. North America Strategic Implications – Segment Developments	<u>274</u>
7.11. North America Strategic Implications – Options & Business Opportunities	<u>276</u>
7.12. North America Strategic Implications – Business Overview & Dynamics	<u>278</u>
7.13. North America Strategic Implications – Products Sales Revenue Future	<u>279</u>
7.14. North America New Developments	<u>281</u>
